# GAP PROTECTION PROTECTS YOU FROM THE "GAP."

Your vehicle is a significant purchase. Because of common risks associated with theft, collision and natural disaster, the chances of your car being involved in a total loss situation are greater than you think.

Most insurance companies only reimburse you for the market value of the vehicle. This, along with the deductible, can create a significant gap between what your insurer will pay you and the balance on your loan or lease.

## Enjoy a worry-free ride with GAP Protection.

### GAP example:

Loan/lease balance		\$23,000
Actual cash value*	-	\$18,000
<b>Gap</b>		<b>\$5,000</b>
Insurance deductible	+	\$500
<b>Potential expenses</b>		<b>\$5,500</b>
<b>Out-of-pocket expenses with GAP</b>		<b>\$0</b>

Above is an example used for illustrative purposes only. Please read your program agreement for a complete list of all exclusions and limitations.

\*Actual cash value is generally defined as the primary insurance settlement. Some contract definitions may vary. Please see your contract for your specific coverages.
