

# GAP GUARANTEED ASSET PROTECTION

Protects you from the “gap.”

## What is the “gap”?

In the event of RV/Trailer theft or an accident that results in a total loss, most insurance companies only reimburse the owner for the market value of the unit. This, along with the deductible, can create a significant gap between what your insurer will pay you and the balance on your loan or lease.

## GAP Protection eliminates this “gap.”

GAP Example:

Loan/Lease Balance	\$125,000
Actual Cash Value*	- \$115,000
Gap	\$10,000
Insurance Deductible	+ \$1,000
Potential Expenses	\$11,000
Out-of-pocket expenses with GAP	\$0

## Be a smart consumer!

Because of common risks associated with theft, collision and natural disaster, the chances of your unit being involved in a total loss are greater than you think. Last year, thousands of recreational vehicles were totaled in the United States. With GAP Protection, you can be confident your deficiencies or deductibles will be paid off.

## Trust the evidence.
